CERTIFICATION

- **Certificate of Completion from Tertiary Infotech** - Upon meeting at least 75% attendance and passing the assessment(s), participants will receive a Certificate of Completion from Tertiary Infotech.
- **External Certification** - The participant will be able to attempt the AWS Certified SysOps Administrator - Associate exam after attending this course. Upon passing the exam, you will receive the AWS Certified SysOps Administrator - Associate accreditation. This certification validates that the individual possesses the skills technical expertise and operational knowledge required to deploy, manage, and operate AWS services. It demonstrates your ability to effectively manage and maintain AWS systems, ensuring their reliability, scalability, and security.

Certification Exam at Pearson Vue

Once you are prepared for the exam, you can register for the [CLF-C02 AWS Certified Cloud Practitioner Exam here](#). We are Authorised Pearson Vue Testing Center. You can take the certification exam at our test center. Note that the course fee does not include the certification exam fee.

You can purchase the exam voucher (one of the lowest prices in Singapore) at [AWS Associate Certification Exam Voucher](#).
